Dear all

First, let me wish you the best in this challenging time of Covid! Almost all of us are affected. We have lost at our university our beloved Shayam Dograji who used to manage our entire electrical system all these days despite inevitable Corona threats!

We have many students in all the programs who are in tremendous distress, in true sense of the term! We from the university side are doing our best. Our present students have joined hands under Eco Club to go all the ways to help out TERISAS fraternity in this crisis time despite all our limitations. As you know we are a self funded institution. Many of the present batches have lost main earning member in the family that has posed the greatest threat to their studies and career! In this context, may I appeal to you all to take an initiative to raise a fund to help the students in distress? Even small contributions from our large alumni base might result into a sizable figure! Please let me know how we could be of any help in the process! We are all there.

We strongly hope unitedly we can really do something substantial in this trying time!

May please contact Ms Sonika Goyal for all possible coordination!

Stay safe! Stay connected!

Warmly yours

Manipadma Datta
