

### 7.1.11: Institution celebrates / organizes national and international commemorative days, events and festivals

#### TEXT

TERI SAS as an institution of international repute has always been instrumental in utilizing the opportunities of celebrating the national and international commemorative days in such a manner that those could be the source of inspiration, motivation, awareness, commitment, perseverance, pride, and progress for its students and the society in general. All important national days, especially Independence day and Republic day, are celebrated in its small campus (in the TERI SAS [amphitheater](#)), but in a grand manner in the presence of and with the participation of students, faculty members and administrative staffs.

TERI SAS family always offers tribute/homage to great leaders, scientists, freedom fighters and other personalities of national and international fame by commemorating their birth and death anniversary in the form of seminar, invited talks, organizing several events including quiz, poster/poetry/essay competitions etc.

TERI SAS has a formal group of students for different activities such as Eco club, Sports & Media Club of students whose prime responsibilities are to organize and engage students in such extra-curricular activities, events and festivals. These students' committees are also supported and supervised by the corresponding committees of faculty members.

A glimpse of such events organized by TERI SAS to celebrate/pay homage/solemnize national and international commemorative days is presented below (general link for reporting: <https://www.terisas.ac.in/whats-happening.php?id=515>):
