

Sustainability Hackathon 2024

A sustainability-themed competition for the first time, sponsored/funded by TERI SAS's Alumni was proposed. The overall objective of this event is to engage participants (school/college students) in a meaningful discourse focused on the topic of sustainability.

The competition name was finalised as “Sustainability Hackathon”

The theme of the competition is inspired from real-world sustainability issues.

- Sustainable packaging-circular business model (for college students)
- Revitalizing urban landscapes (for school students)

Participation was invited in 2 categories:

- School Students: Class 9th to 12th)
- College Students: UG students with age limit: 18-25 years

The outreach of the event was through social media, sending mailers to schools and colleges and sharing with our current students, so that it can be circulated among their networks.

To incentivize participation, the following prizes were announced in each category:

- 1st Prize: ₹15,000
- 2nd Prize: ₹10,000
- 3rd Prize: ₹7500

Towards Alumni contribution, we have received a total of Rs. 72500. We would like to acknowledge the contribution from following alumni:

- Dr. Ranjana Chaudhuri
- Mr. Jyoti Rout
- Mr. Sanjay Jain
- Ms. Ananya Khosla

The selection panel included:
