Dear Professor Jain

As you know, competition is extremely fierce for the scholarships and fellowships administered at the Commonwealth Scholarship Commission in the United Kingdom, with many more candidates than places available each year. Securing an award is therefore a very significant achievement, and the Commission has decided to recognise this through the provision of a certificate which reflects the year in which you took up your award.

We hope that your membership of the alumni network will mean that your links with the Commission will continue for many years. Our alumni programme and networks provide excellent opportunities to keep in touch, both with the UK and the thousands of other former Commonwealth Scholars and Fellows throughout the world. More information can be found on the web at: <http://bit.ly/cscuk-alumni>. Please do keep us updated on your career activities and also let us know if your contact details change - simply contact the Alumni team at: alumni@cscuk.org.uk.

Once again, congratulations on attaining your award. I hope that your period of funding will have a profound impact on your career and ability to assist in the future development of your country, and that you will let us know how you are progressing in the future.

With all good wishes

Yours sincerely

Dr John Kirkland
Executive Secretary
