

## ABOUT ME

I am an imaginative and self motivated individual with a sincere understanding of my field. An education in Landscape Architecture, provides me with an edge in the design process. I showcase a plethora of skills, application of technical tools along with an eye for detail.

Being a wearer of many hats, I not only possess fine leadership qualities but I am also an earnest team player.

I have a strong work ethic and a creative outlook towards contributing to the society through my expertise and profound knowledge of the field.
