CGPA : 7.62

2009 - 2012 B.Sc. (IT), Mediafeature India, SMU, New Delhi
Percentage: 63.7s%

Academic Projects

Department Automation

[Minor Project]

The aim of the project is to automate the work of Department of Computer Science. The office's current system is manual type which includes paper documentation. In such system, it's very difficult to keep track of all the records. Thus, our project aims to create an application which will automate the processes in the office.

Criminal Integrative Passage

[Major Project]

The Project is useful for police station to become high-tech. The web login portal was created and in such a way that user can upload and update details of missing person and also can file FIR online to the nearest police station.

Technical Skills

Operating Systems: Windows, Linux, Mac OS

Languages: C, HTML, CSS, JavaScript, PHP, Core Java, SQL, PL/SQL, Android Studio

Databases: Oracle, MySql
