| Course description | | | |
| <p>The course is divided into two parts, one with management and organization principles and the other with basic business finance. Since one of the main challenges remains as how to develop the marketability of renewable energy which is needed to ensure its meaningful acceptance, a set of business ideas is necessary for the students to be aware of. This course would help them to adopt a systematic approach to solve the organizational problems.</p> | | | |
