Course Description			
<p>Competition law is aimed at protecting the process of competition within the market. Since the nineties, almost all developing countries have enacted competition laws in the lines of the laws of developed countries. This course is an attempt to address some of the issues in competition law that is of interest to countries like India. This course builds on the basic course on <i>Competition law</i> at the undergraduate level and the <i>Infrastructure Law and Policy</i> course offered in the I Semester.</p>			
Course objectives			
<ol style="list-style-type: none"> 1. To understand the need and rationale for competition law from a developmental perspective. 2. To critically examine some of the crucial issues like the interface with IPR laws, regulatory laws, environmental laws, and public procurement laws. 3. To critically analyse the emerging international competition law and its impact on developing countries.
