

Course title: Minor Project			
Course code: NRG 110	No. of credits: 08	L-T-P: 0-0-240	Learning hours: 240*
Pre-requisite course code and title (if any):			
Department: Department of Natural and Applied Sciences			
Course coordinator: Dr Adwitiya Sinha		Course instructor	
Contact details:			
Course type: Core		Course offered: semester 3	
<p>Course Description: The minor project for MSc Geoinformatics students is projected to acquire practical knowledge in Geoinformatics. The students are directed to undertake a project in an industry/institution related to Geoinformatics for 6-8 weeks. *The suggested learning hours is minimum expected time to be invested for self-learning, interaction with experts, training at the organization, dissertation writing etc over a duration of 6-8 weeks.</p>			
<p>Course objectives: The objective of the minor project is to provide an opportunity for students to undertake short research training outside the classroom to solve real-world issues. That mainly involves the application of geoinformatics as a part of its solution, through a short project with an external institution/organization or TERI SAS.</p>
