

FIELD SURVEY FOR PRE-ASSESSMENT REPORT KOLKATA
6th – 11th APRIL 2015

Under Strengthening Water and Sanitation in Urban Settings- 3.4
Training of trainers program on WASH, TERI conducted a 6-day field visit in approximately 30 Kolkata Municipal Corporation's (KMC) Primary Schools across the city spanning different wards, mediums of instruction (Hindi, English Urdu, Oriya and Bengali), and community profiles.

The study collected data for a pre-assessment report which will outline the present WASH scenario in and around these schools using information collected from students, teachers, school management and the KMCP officials. The study gathered data from approximately 60 teachers, 30 school managers, 600 students and was carried out by a team that comprised of officials from TERI, Education Department, KMC and World Vision, Kolkata.
